3 EASY STEPS TO A SAFE + COMFORTABLE + EFFICIENT HOME

1 Get an Assessment

A qualified Energy Smart Analyst will perform a comprehensive Home Energy Assessment. A $400 value, for only $100 cost, the Home Energy Assessment includes:

- Testing for carbon monoxide and radon
- Blower door testing and infrared imaging to identify air leaks
- $100 worth of on-the-spot energy installations including efficient bulbs and pipe wrap
- List of recommended improvements

2 Coaching

After the Assessment, we will help you implement the projects that fit your budget. Our Energy Coaches can assist with:

- Finding contractors
- Securing rebates and incentives
- Applying for loans and financing
- Tracking your savings

3 Apply for Rebates

We have rebates available to help with all your energy upgrades. See backside for more.

It's So Easy. Sign Up Today!

Infrared camera identifying air leakage.

FINANCING

Financing opportunities are available for homeowners looking to make energy upgrades.

- Rebates available in addition to financing! (no money down/cash back)
- $1000-$25,000 Loan amount
- 5, 7 or 10 Year Loan Terms

Holy Cross Energy and the City of Aspen also have financing available.

EnergySmart
COLORADO

FUNDED BY THE RENEWABLE ENERGY MITIGATION PROGRAM OF PITKIN COUNTY AND BY GARFIELD CLEAN ENERGY

TERMS/CONDITIONS: Energy Smart Rebate participants must enroll in the Energy Smart Program and complete an Energy Smart Assessment. For existing single family homes only, not commercial multifamily buildings. Do-it-yourself (DIY) projects are eligible for rebates on materials only. Other improvement packages modeling 15% or better energy savings may be eligible for Energy Smart rebate. Rebate requests must be received within 180 days of the invoice date. Applicable receipts and/or invoices are required for rebate payment. All projects are subject to applicable regulations and permitting. Energy Smart Rebates are calculated after all other available incentives have been deducted. There is a program rebate cap of $1000 per year. Energy Smart Colorado reserves the right to change rebates and/or standards without notice. Energy Smart Colorado reserves the right to inspect projects for completion and quality assurance. Rebate funds are limited and are available on a first-come first-serve basis. Applicants are encouraged to contact their local Energy Resource Center with any questions prior to completing projects.
