	Heat Tape Controls	25% up to \$500	50% up to \$100/Timer	25% up to \$200		25% up to \$200	
	Refrigerator Rebate & Recycling	\$100 for recycling	\$50 for recycling	\$100		\$100 for recycling	\$50 for recycling (elect. only)

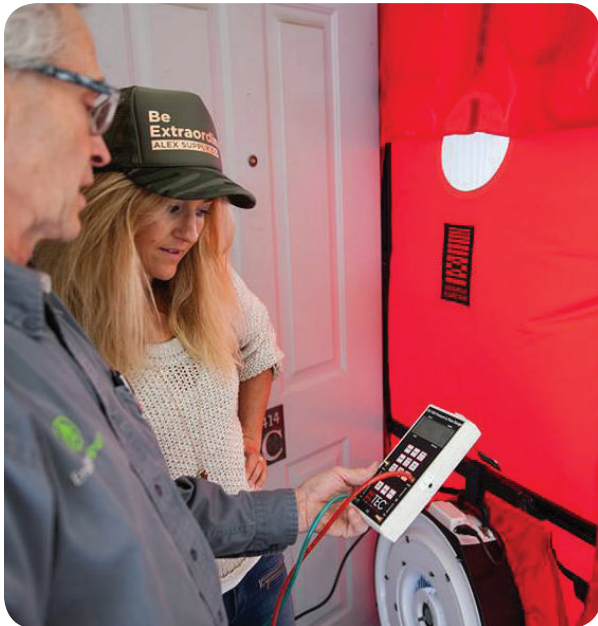

Please inquire about our custom rebates - bring us your energy saving ideas!

*Please call (970) 925-9775 to sign up for a Home Energy Assessment, which is required for rebate eligibility. Permits may also be required for your project; check with your local building department. CORE rebates a maximum of 50% of eligible project costs when combined with utility rebates. To verify which utility rebates you may qualify for, visit their website(s). Rebates are subject to change at any time.

5 EASY STEPS

TO A SAFE + COZY + EFFICIENT HOME

- 1 GET A HOME ENERGY ASSESSMENT**
A gateway to using less energy, the assessment is a \$400 value but costs you only \$100!
- 2 READ UP:** You'll receive a custom report detailing the most effective ways to save energy and cut carbon at home.
- 3 LET'S TALK:** CORE's Energy Advisors can break down your energy report, find you rebates, and share best practices.
- 4 GET IT DONE:** Let us connect you with local, qualified contractors or advise you on DIY requirements to knock out your energy-efficiency projects.
- 5 APPLY FOR REBATES:** CORE offers cashback rebates and can help you find more from your utilities.

Homeowner Gretchen Bleiler talks to her Energy Analyst about the blower door test. The blower door analysis identifies air leakage and inadequate insulation.
