

Smart energy. Less carbon. More living.

---

## **CORE Grant Required Submittal Questions:**

Please prepare responses to the questions below. For more information email Phi Filerman ([phi@aspencore.org](mailto:phi@aspencore.org)) or call 970.925.9775 x504.

### **1. PROJECT DESCRIPTION AND GOALS:**

How does your project improve energy efficiency, generate renewable energy, or promote energy and environmental educational awareness in the Roaring Fork Valley? How does it benefit the local community, economy, and /or environment? What are the tangible results, etc.?

### **2. PROJECT URGENCY:**

Discuss the urgency of your project. What opportunities will be lost if the project does not proceed according to your projected timeline? Describe the extent to which a CORE Grant will contribute to the completion and success of your project.

### **3. ESTIMATED SAVINGS:**

Provide detailed calculations demonstrating the basis for your estimated energy and greenhouse gas emissions savings.

### **4. PROJECT BUDGET:**

Please enter your project budget that outlines total cost of the project and total contributions by others. Be sure to indicate whether additional financial support is secured or requested. You may upload a spreadsheet at the end of this application if easier.
